## Experimental Birthday

During Experimental Birthdays, children explore the fascinating world of physics and chemistry. Guests conduct various experiments and can feel like real scientists. It's the perfect party for those curious about the world.

### In the package:

- Birthday organization for 2.5 hours (experimental room for 2 hours)
  - Experiment accessories
  - Colorful birthday tableware
  - Birthday accessories
- Ceremonial cake presentation
  - Workshop diplomas
- Voucher package for the Birthday VIP

### Choice of experimental workshop:

- Frozen Experiments
  - FikoGlutek
  - Four Elements
  - Crazy Molecules
  - Super Scientists

*45 min*

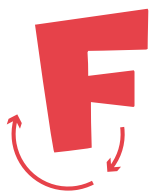

*description of the workshop*

Dodatkowy koszt do ceny urodzin z warsztatami: do 15 osób – 380 zł, 16–20 osób – 520 zł, 21–25 osób – 640 zł  
Do przeprowadzenia warsztatów niezbędny jest animator, czas trwania warsztatu to ok. 45 min.

### Pricing:

	Mon.-Fri. until 4 PM	After 4 PM, weekends, holidays
<b>Experimental Birthday</b>	49 PLN / person (minimum 6 children)	59 PLN / person (minimum 6 children)
<b>Animator</b>	120 PLN	150 PLN

For groups over 15 people, a support person is required at the cost of 70 PLN

## Workshops:

### 1. Frozen Experiments

Our little scientists will discover the properties of dry ice together. They will create clouds and capture them in soap bubbles. They will conduct a chemical experiment, resulting in 'real' snow!

### 2. FikoGlutek

Especially for you, we are opening our laboratory where we will be creating FikoGlutki of your dreams. After packing them into special containers, you'll be able to take them home.

### 3. Four Elements

We will create wind projectiles and measure their extraordinary power. We'll explore how water vortices and rainbows are formed. And, in the end, the fusion of elements – a unique rocket that will captivate every child.

### 4. Crazy Molecules

We will combine the right substances to make water suddenly become warm, and other times icy. A bit of this, a pinch of that, and from our flasks, lava will start to erupt like from a real volcano.

### 5. Super Scientists

Our brave scientists will transform into superheroes! Using pipettes and chemical reagents, they will create vortices that will save the Earth from destruction. They will also build a rocket that will soar into the sky with a big bang!
